# Section 01 58 00a Specification for New York State Environmental Facilities Corporation Financing Signage

#### PART 1 GENERAL

#### 1.1 SUMMARY

A. This specification covers the fabrication and installation of a construction sign for facilities receiving funding for any number of projects through the New York State Environmental Facilities Corporation (EFC) Clean Water State Revolving Fund (CWSRF) Program, New York State Water Infrastructure Improvement (WIIA), Intermunicipal Grants (IMG), Green Innovative Grant Program (GIGP), Drinking Water State Revolving Fund (DWSRF) Program or Overflow and Stormwater Grants (OSG). Facilities receiving CWSRF or DWSRF funds made available through the federal Bipartisan Infrastructure Law (BIL) are required to utilize the BIL specific template (Specification 01 58 00b).

#### 1.2 RELATED SECTIONS

A. None

#### 1.3 SUBMITTALS

A. Shop Drawings: In compliance with direction from the Owner, Contractor shall prepare and submit site plan and mock-up of temporary project signs.

# PART 2 PRODUCTS

#### 2.1 GENERAL

- A. The sign shall be fabricated and erected within 21 days following the notice to proceed on the first contract at the facility and shall be maintained by site Contractors, as directed by Owner, until final construction completion for all funded projects at the facility.
- B. For facilities with funding from multiple sources, the logos outlined below must be included on a single project sign including the text "Funded by", as approved by the funding agencies.

- C. There should be one project sign. If the project has multiple locations, one project sign centrally located as directed by the Owner is acceptable.
- D. The attached EFC Project Sign Schematic aligning with funding anticipated for this project shall be used when no other sign exists.

#### 2.2 MATERIALS AND FABRICATION

- A. <u>Sign Panel</u>: The sign panel shall be constructed of 3/4" minimum thickness marine plywood rabbeted into a 2"x4" lumber frame or other such materials capable of withstanding typical weather conditions common to the project area. Use of recycled or recovered materials is encouraged.
- B. <u>Fasteners</u>: All fasteners used in the fabrication of the sign shall be rust-proof.
- C. <u>Sign Supports:</u> The sign shall be adequately supported and braced to remain in the proper positioning and alignment, including resistance to wind loads and toppling of the sign.
- E. <u>Coating</u>: All paint or exterior coverings used shall be exterior grade coating suitable for use on wood or the material of construction. The sign face background and sign back shall be white and consist of a minimum two coats of paint.
- F. <u>Lettering and Emblem:</u> The sign shall include the following logos in an aspect ratio consistent with other lettering on the sign but not less than a height of 2.0".
  - 1. The EFC logo available at <a href="https://efc.ny.gov/efc-logo-pdf">https://efc.ny.gov/efc-logo-pdf</a>
  - For DWSRF, DW WIIA, or DW IMG projects: The New York State Department of Health (DOH) logo available at https://efc.ny.gov/efc-doh-logo
  - For CWSRF, OSG, and DWSRF projects: The EPA logo available at <a href="https://efc.ny.gov/epa-logo">https://efc.ny.gov/epa-logo</a>, consistent with the EPA Logo & Seal Specifications for Signage Produced by EPA Assistance Agreement Recipients as outlined in <a href="https://www.epa.gov/sites/default/files/2015-01/documents/epa-logo-seal-specifications-for-infrastructure-grants.pdf">https://www.epa.gov/sites/default/files/2015-01/documents/epa-logo-seal-specifications-for-infrastructure-grants.pdf</a>
  - 4. CWSRF/DWSRF projects incorporate the following language:

i. This project is jointly funded by the New York State [Clean Water/Drinking Water] State Revolving Fund and the U.S. Environmental Protection Agency. The [CWSRF/DWSRF] is administered by the New York State Environmental Facilities Corporation [with its partner the New York State Department of Health (for DWSRF projects only)]

#### PART 3 EXECUTION

### 3.1 INSTALLATION

A. The project sign shall be erected in the location and alignment, as directed by the Engineer or Owner, with the bottom of the sign panel a minimum of five feet above existing grade.

## 3.2 MAINTENANCE

- A. The Contractor shall provide any and all materials required to maintain the sign in good condition throughout the duration of the work.
- B. Upon notification of the Owner, the Contractor shall remove the sign from the construction site.
